

# Location Plan MPQ

Public Transport MVV

Underground line U6, Terminal Stop:

"Garching Forschungszentrum"

Journey Time (University --> Forschungszentrum): 22 min

Take any U6-train marked Garching-Forschungszentrum and disembark at the final stop.

Use the stairs or the lift to get to the street level, then walk against the direction of the train for about 500 meters until you see the ESO on your left hand.

Go further south-west, and you will find the MPQ behind the bushes. It is the southernmost institute on the research park.
